Dear Sir/Madam,

A provision has been made in the AMS for viewing the internal Marks as and when entered by the course teacher for the respective semester, Hence the students are informed to regularly check the internal marks of all courses in AMS and discrepancies if any should be immediately noticed of the concerned course teacher within 3 days (before the course teacher makes the final submission of grades). once final submission was done, we will not be entertained,

Further, course teachers may finally submit the grades in AMS 3 to 5 days after the entry of internal marks in the AMS.

Please find the Snap Shots,

Thanks & Regards,
Academic Management System,
University of Horticultural Sciences,
Bagalkote, Karnataka.
